5. Unforeseen or Emergency Circumstance Justifying the Need for the Temporary Position:

This contract position will provide project management for the large backlog of projects in the department. The engineering shortage in the labor market has made it difficult to fill existing civil service positions, and the staff currently on board is unable to handle the backlog. The contract employee to be hired has extensive knowledge and experience with the projects and with the procedures and policies of the applicable government agencies. He will require no training.

Sincerely,

Eugene C. Lee, P.E.
